DETAILED ACTION

Applicants' Amendments to the Claims has been examined. Claims 1, 15, 27, and 32 are amended. Claims 1-36 are pending.

1. Applicants' Amendment is persuasive but introduces new rejections detailed, *supra*.

Drawings

2. Figures 1-5 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance. Also see the Notice of Draftperson's Patent Drawing Review of 06/19/2002.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. **Claims 1-20 and 27-36** are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential structural cooperative relationships of elements, such omission amounting to a gap between the necessary structural connections. See MPEP § 2172.01. Pursuant to claims 1 and 15, these claims reference *storing clock arrival time and slope*. However, the generation, existence, or purpose of clock arrival times and slopes have not been established apriori, therefore this limitation lacks the required functional/structural cooperative relationship with the remaining claimed limitations. Claims dependent from claims 1 and 15 are likewise rejected.

Allowable Subject Matter

5. Claims 21-26 are allowed.
6. Claims 1 and 15 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Remarks

7. Although Applicants' amendment is persuasive, new rejections necessitated by Applicant's amendment are introduced herein.

Conclusion

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
